Police investigate single-vehicle collision in Clarksville *Driver transported to Shock Trauma with serious injuries*

Howard County police are investigating a single-vehicle collision in Clarksville that resulted in serious injuries.

At approximately 10:20 a.m., a 2017 Toyota Rav4 was traveling eastbound on Brighton Dam Road just west of Firethorn Lane when the driver failed to negotiate a curve, left the roadway and struck an embankment and sign.

The driver and sole-occupant, a 76-year-old male from Olney, was flown to the University of Maryland Shock Trauma Center. He is currently listed in critical condition.

No further information is available at this time; the investigation is ongoing.

Brighton Dam Road was closed between Haviland Mill Road and the Montgomery County line for two and a half hours but has since reopened.
